1. Applicant's arguments filed 9/8/03 have been fully considered but they are not persuasive.

- 2. The rejection from the prior office action is maintained and incorporated herein by reference.
- 3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371© of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) do not apply to the examination of this application as the application being examined was not (1) filed on or after November 29, 2000, or (2) voluntarily published under 35 U.S.C. 122(b). Therefore, this application is examined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

- 4. Claims 11-17 and 25-37 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by Joao.
- 5. As to the applicant's arguments:
- a. Examiner does not assert that the parent application supports the rejection.

Application/Control Number: 09/416,192 Page 3

Art Unit: 3764

Since the examiner is relying on the date of the parent application it is inherent that the rejection is supported by the parent. Furthermore the examiner is not aware of the necessity of any redundant statement supporting such.

b. No analysis interaction algorithms that automatically evaluates and updates a patients treatment protocol.

Joao discloses the computer is performing an algorithm which evaluates and updates a patients treatment protocol (col. 36, lines 45-63).

6. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
